

FARMERS AIM TO BUY BACK THEIR OWN GRAIN

Thomas Frankson is New Secretary Rural Credits

FRANKSON IS PROMINENT LAND DEALER IN STATE

OWNS FARM LAND IN TWELVE
COUNTIES OF MINNE-
SOTA

WAS LIEUTENANT-GOVERNOR OF
THE STATE FROM 1916
TO 1920

St. Paul, Minn., Aug. 29. — (U.P.) — Thomas Frankson, lieutenant-governor of Minnesota from 1916 to 1920, today was appointed secretary of the state rural credits bureau.

The appointment by Governor Floyd B. Olson was announced through Vince A. Day, the governor's secretary.

Frankson succeeds Kent Hoken, who temporarily filled the post after the resignation of H. M. Johnson, Starbuck, Johnson resigned at the request of the governor.

In a statement announcing the appointment, Gov. Olson said Frankson was one of the most prominent dealers in farm lands in the state and at present owns land in 12 counties.

Frankson said he believed preceding administrations "have made excessive loans, in some cases so excessive that the state virtually bought the land when the loan was closed." He said he felt the time had come when the rural credit bureau should apply the brakes and only place and accept such loans as prudent businessmen, banker or insurance company would.

The new secretary said he favored sale of foreclosed northern Minnesota farms so that such land would not be tax-exempt. He said the farmers in these tax-burdened northern communities are entitled to relief.

Mrs. Belle C. La Follette Leaves Estate of \$90,000

Madison, Wis., Aug. 29. — (U.P.) — An estate of \$90,000 left by Mrs. Belle Case La Follette, revealed in her will on file in Dane county probate court today, will be divided equally among her four children with Sen. Robert M. La Follette, Jr., having the privilege of purchasing her Washington, D. C., home.

The widow and "counselor" of the late Sen. Robert M. La Follette left \$15,000 in personal property, and real estate amounting to "not less than \$75,000." Their elder son, Sen. La Follette, may buy the Washington residence within 90 days, the price being set at \$17,000.

The estate then is to be divided equally among Sen. La Follette, Gov. Philip F. La Follette, Mrs. Mary La Follette Sucher, and Mrs. Fola La Follette Middleton. Under terms of the will they are to choose the executor of the estate.

STATE CONTRACTS ON THREE STATE BUILDINGS AWARDED

St. Paul, Minn., Aug. 29. — (U.P.) — State contracts totalling \$327,623 were awarded today for work at three state institutions, H. W. Austin, state purchasing agent, announced.

Most of the work will be started immediately, Austin said. The largest of the contracts was for the construction of two cottages, a power house and tunnels at the Cambridge state epileptic colony.

Walter W. Magee Co., St. Paul, was awarded the general construction contract for \$172,050. Heating, ventilating and plumbing work will be done by George Hess Co., St. Cloud, for \$67,111. Electrical work went to the Maier Electrical Co., Minneapolis, and the Inter-State Construction Co., St. Paul.

Alteration work to be done on the new steam and power plant at the St. Cloud reformatory went to A. B. Donaldson Co., Minneapolis, for \$6,383. General construction on two cottages at the Owatonna state public school was awarded to J. B. Nelson Construction Co., Mankato, for \$42,963.

DISARMAMENT

ARDENT SUPPORTER OF LEAGUE

London, Aug. 29. — Disarmament is the most effective means of curing the unemployment ills of the world, Viscount Cecil of Chelwood said in an interview with the United Press.

Viscount Cecil, better known as Sir Robert Cecil, is a veteran in the campaign for international peace and disarmament. He is one of the most ardent supporters of the League of Nations as a means for preserving peace among nations.

"The world is suffering from a want of confidence," he said. "Disarmament will restore the confidence. If business men throughout the world were quite confident they might count on the state virtually bought the land when the loan was closed." He said he felt the time had come when the rural credit bureau should apply the brakes and only place and accept such loans as prudent businessmen, banker or insurance company would.

The new secretary said he favored sale of foreclosed northern Minnesota farms so that such land would not be tax-exempt. He said the farmers in these tax-burdened northern communities are entitled to relief.

"I have not the least doubt that if we could effect large economy in armaments, huge capital would be released for other and much more remunerative business. Disarmament is equally desirable from any way it is regarded. Any money spent for armament is more than thrown away, economically speaking."

Viscount Cecil admitted the possibility that a sudden decrease in the building of armaments would throw many people out of work but added that the best that could be hoped for was a gradual reduction which would enable armament firms to change from building war material to peaceful pursuits. This change, he said, would be for the greater benefit of the world industrial outlook.

"I believe that the United States' attitude that it is not desirable to grant financial facilities which will permit preparations for war is fully appreciated in Europe," he said. "At any rate Britain largely sympathizes with such an attitude."

Asked if Britain resented reports that the United States would insist on armament reduction if she granted further loans, Viscount Cecil replied, "I think President Hoover's line is quite sound."

OKLAHOMA COTTON YIELD IS LESS THAN FEDERAL ESTIMATE

Oklahoma City, Aug. 29. — (U.P.) — Harry B. Cordell, president of the Oklahoma board of agriculture, today estimated the state's cotton yield would be 300,000 bales less than the federal estimate of 1,200,000 bales.

"Boll weevil is causing great damage to cotton and I believe the yield has been curtailed to 920,610 bales," Cordell said. His previous estimate had been 1,000,000 bales.

He also said the state corn crop would be 35,410,000 bushels compared to the federal estimate of 45,544,000 bushels.

MANAGEMENT OF CITY OF EVELETH SCORED BY JOHNSON

CHIEF STATE PUBLIC EXAMINER
EXAMINES BOOKS OF THE
RANGE CITY

SAYS CITY "WAS MADE THE
GOAT IN MANY
SALES"

St. Paul, Minn., Aug. 29. — (U.P.) — R. Johnson, chief state public examiner, today criticized the city management of the city of Eveleth.

He said the city "was made the goat in many sales," that \$45,000 over expenditures were made during the past year and that alleged illegal sales were made by the city officials to the city government.

Johnson said the city incurred \$545,000 in obligations and had but \$500,000 to meet these debts. The public examiner said ten city officials failed to pay water bills and that two councilmen, Dewey Baldi and George J. Prince, and City Assessor Max Voleasek had sold goods to the city.

Johnson asked that the delinquent water bills be collected and a \$1 penalty on such bills be enforced not only on the officials but all persons not paying their bills on time.

LONE BANDIT IN THEFT OF \$4,000 FROM MARION, S. D., BANK

Marion, S. D., Aug. 29. — (U.P.) — A lone bandit who escaped with \$4,000 from the Farmers Trust and Savings Bank here was sought in all sections of southeastern South Dakota today.

The bandit forced John J. Smith, bank president, and his two assistants who were alone in the bank when he entered, into the vault after picking up the money in the cashier's cage. The trio released themselves almost immediately.

The bank employees described the bandit as 5 feet 6 inches tall and weighing about 180 pounds. Marion is about 30 miles from Sioux Falls in the southeastern corner of the state.

VACATION FLIGHT OF LINDBERGH'S TO BE CONTINUED

SPEND THEIR FOURTH DAY AS
HONOR GUESTS OF
JAPANESE NATION

MAY FLY THROUGH TO EUROPE
BY WAY OF RUSSIAN
SOVIET

Tokio, Aug. 29. — (U.P.) — Col. and Mrs. Charles A. Lindbergh, spending their fourth day in Tokio as honor guests of the Japanese nation, indicated today they may continue their "vacation flight" through to Europe by way of Russia.

Having already virtually decided upon a visit to China within the next 10 days, Col. Lindbergh's careful inquiries as to the air route across Siberia gave rise to conjectures that a new journey was being considered.

The young American aviator, however, refused to confirm the reports, saying he and his wife have "positively no plan yet." The inquiries regarding Siberia were made during a visit to the Soviet embassy here.

"Will you return home on a steamer?" he was asked.

"Not unless it is necessary," Col. Lindbergh replied.

The flight to China seemed assured after a visit this morning to the Chinese legation, where envoys promised a hearty welcome from one Chinese people. The aviator still was undecided as to a visit to Manila, which was being urged by U. S. Ambassador W. Cameron Forbes.

INDIAN KILLED AS HE "BUMMED" RIDE

POLK COUNTY CORONER DE-
CIDED ON DEATH OF ARCHIE
CLOUD AT CROOKSTON

Crookston, Minn., Aug. 29. — (U.P.) — Dr. H. E. Nelson, Polk county coroner, today said Archie Cloud, Chippewa Indian whose body was found along the Great Northern railroad tracks, undoubtedly had been killed when he was thrown from a train while "bumming" a ride.

The body was found yesterday by a section crew in charge of Andrew Nelson three miles north of Beltrami and 15 miles south of Crookston.

The coroner said the lad may have been thrown from the Winnipeg Flyer. A diary on Cloud said he had been out of funds on a recent trip to Fargo and Grand Forks looking for work. He had been a student at Tomah, Wis., at the Indian school and had failed to obtain permission to enter the school at Wahpeton. An auto was sent here to take the body back to Cass Lake.

OKLAHOMA TELLS POLICE SHE
THREATENED TO KILL HER-
SELF 3 WEEKS AGO

Oklahoma City, Aug. 29. — (U.P.) — Mrs. Esther Rogers, 29, the divorced wife of W. G. Rogers, millionaire oil man, was found shot through the head in the bedroom of her home today.

She died shortly afterward at St. Anthony hospital without making a statement.

Rogers, who arrived at the hospital three minutes after her death, told Detective Phil Isenhour his wife had tried to drink chloroform yesterday and that he had jerked the bottle from her hand. The detective also said Rogers told him Mrs. Rogers had a pistol today. Failing to persuade her to put it down, he decided to go to his office.

Rogers also told police, they said, that his wife threatened to kill herself when he went on a business trip to Texas three weeks ago.

Lottie Hart, negro maid, told officers she found Mrs. Rogers lying across a bed dressed in a nightgown, a bullet through her head, a pistol on her chest.

The maid said she had prepared breakfast for Rogers and he had left home about 10 minutes before Mrs. Rogers was found.

"I was in the backyard and heard the telephone ringing," the maid said. "I waited, thinking Mrs. Rogers would answer it. It kept ringing and I answered. A woman's voice asked for 'Esther'," she said.

"I went into Mrs. Rogers' bedroom and found her lying across the bed. Her hand was on a pistol," the maid told police.

The maid screamed and ran to the telephone, broke the connection and called police.

CHAMPLIN

Enid, Okla., Aug. 29. — (U.P.) — H. H. Champlin, president of the Champlin Refining Company, said today his company was preparing to buy Russian gasoline to fill orders.

"The company is confronted with an acute crude shortage because of the Oklahoma and Texas military shutdown," Champlin said. "We are negotiating for purchase of Russian gasoline so that we may fill our customers' orders."

He said the Russian oil would be delivered at Houston.

"Crude isn't worth \$1 here," he said. "There's too much oil and no matter what military orders you have, the situation won't be helped much," he said.

THREATEN PROBE OF GASOLINE PRICES IN OKLAHOMA

Oklahoma City, Aug. 29. — (U.P.) — Chairman Paul Walker of the Oklahoma corporation commission threatened an investigation of gasoline prices today.

"Recent gasoline price advances are not justified by the present low crude oil prices," Walker said. "Believing that perhaps the increases are accentuated by monopolistic interests, I am contemplating an inquiry into the motives of the companies posting the increases."

Wiley Post Plans a Solo Flight in Spring

Los Angeles, Cal., Aug. 29. — (U.P.) — Wiley Post, who flew around the world with Harold Gatty, is planning a solo flight next spring from Seattle to Tokyo, he said here today.

The flight, according to Post's present plans, will be in the around the world plane, Winnie Mae. The aviator did not elaborate on the subject and did not say why the plans did not include Gatty as navigator.

SINCLAIR CRITICIZED BY GOV. MURRAY

Oklahoma City, Aug. 29. — (U.P.) — Harry F. Sinclair, head of the Sinclair oil companies, was blamed today by Gov. William H. Murray for delay of oil companies in meeting his demand for \$1 oil.

"The people should know that Sinclair is the real fly in the ointment, both in Texas and Oklahoma," the governor declared in a statement on the oil situation.

PROCEDURE SIMPLE AS IT IS STARTLING, UNIQUE IN ANNALS

FARMERS ASK FARM BOARD TO
SELL THEM 250,000,000 BUSHELS
OF WHEAT

THEY ORIGINALLY SOLD IT TO
GOVERNMENT AT "PEGGED"
PRICES THAT DIDN'T STAY

Portland, Ore., Aug. 29. — (U.P.) — Inland Empire wheat growers today demanded that the federal farm board permit them to make a profit while taking a holiday from farming.

Their plan, to buy back their own grain, seemed as simple as it was startling and unique.

The farmers asked the board to sell them 250,000,000 bushels of the wheat they raised and sold to the government at "pegged" prices that wouldn't stay pegged. They asked to buy the grain at the same credit terms on which wheat was tentatively offered Germany and China. The sale, they said, need not interfere with other deals abroad.

Then, having secured the vast amount of grain at present prices—less than the cost of production—they would simply allow their thousands of acres of Idaho, Oregon and Washington wheat land to lie idle next year, materially reducing the 1932 supply. In the fall, they could sell their farm board wheat as their 1932 crop, pay the farm board and pocket the profit expected from reducing the present surplus.

Senator Frederick Steiwer, republican, Ore., and Congressman John W. Summers, republican, Washington, today told the United Press the plan had considerable merit. Senator Chas. McNary, republican, Oregon, father of the bill that created the now-unpopular farm board, believed a large sale to China was advisable.

"It will remove the surplus from the market and reduce production in 1932," he said.

Senator McNary was reluctant to express an opinion of the plan without giving it further study.

"There are thousands of legal and technical questions to be worked out to put such a plan into operation," he declared. "It is unique and has certain merits but I cannot now venture an opinion on its practicability."

"I am especially in favor of selling surplus wheat abroad without quibbling over terms. The surfeited market now is what keeps the farmers from getting a fair price for their product. A sale on liberal terms, especially to China, would prove to the advantage of both American farmers and the Chinese."

Representative Summers, who will himself take a "vacation" from 1,000 acres of wheat land if the plan is adopted, was enthusiastic over it.

"It has my approval to meet the present situation. It does not interfere with any other plan that may be adopted later."

"It would definitely lift 250,000,000 bushels of wheat now controlled by the farm board off the market for one year or more," he declared.

Cavvy M. Rader, of Walla Walla, is author of the plan.

Rader, an important wheat grower, saw his grain selling at less than it cost to harvest and ship to seaboard, despite all efforts of the farm board to bolster the price.

What was at first a vagrant idea grew into a plan that this week secured the enthusiastic endorsement of the vast wheat prairie.

At a mass meeting, hundreds of growers from three states appointed a committee to negotiate with the farm board.

The committeemen, Representative Summers, Charles Baker and Cavvy M. Rader of Walla Walla; W. S. Ferguson of Athena, Ore.; and L. L. Rodgers of Pendleton, Ore., said that the farm board was giving their proposal serious study.

Minneapolis, Minn., Aug. 29.—Northwest farm leaders today were generally skeptical of the plan to be presented by wheat growers of the far northwest to the federal farm board whereby 250,000,000 bushels of the board's present holdings would be purchased by individual farmers and held until next year instead of planting new crops.

The plan was proposed Thursday at a meeting of several members of congress held at Walla Walla, Wash., and those present declared their intentions of carrying the proposal to the farm board.

The board, under the plan, would finance the purchase of the grain by individual farmers under the terms granted Germany and China.

Dan Wallace, editor of "The Farmer," St. Paul, said that the plan might have some merit, but that it would have to be thoroughly threshed out before it could be acted upon definitely.

E. C. Hillweg, of the Minneapolis Chamber of Commerce, declared that the plan has some dangers because it would be impossible to predict how individual producers would react to the suggestion.

"The plan means that the producers would sacrifice their rights to grow any crops which they might wish to."

LONE BANDIT IN THEFT OF \$4,000 FROM MARION, S. D., BANK

Marion, S. D., Aug. 29.—(U.P.)—A
lone bandit who escaped with \$4,000
from the Farmers Trust and
Savings Bank here was sought in
all sections of southeastern South
Dakota today.

The bandit forced John J. Smith,
bank president, and his two as-
sistants who were alone in the
bank when he entered, into the
vault after picking up the money
in the cashier's cage. The trio re-
leased themselves almost imme-
diately.

The bank employees described
the bandit as 5 feet 6 inches tall
and weighing about 180 pounds.

Marion is about 30 miles from
Sioux Falls in the southeastern
corner of the state.

Farmer Dies from Injuries, Pitch Fork Driven Through Body

when a pitch fork was driven
through his body by a threshing
machine, was buried today.

VACATION FLIGHT OF LINDBERGH'S TO BE CONTINUED

SPEND THEIR FOURTH DAY AS
HONOR GUESTS OF
JAPANESE NATION

MAY FLY THROUGH TO EUROPE
BY WAY OF RUSSIAN
SOVIET

Tokio, Aug. 29.—(U.P.)—Col. and Mrs.
Charles A. Lindbergh, spending their
fourth day in Tokio as honor guests
of the Japanese nation, indicated to-
day they may continue their "vacation
flight" through to Europe by way of
Russia.

Having already virtually decided
upon a visit to China within the next
10 days, Col. Lindbergh's careful in-
quiries as to the air route across
Siberia gave rise to conjectures that
a new journey was being considered.

The young American aviator, how-
ever, refused to confirm the reports,
saying he and his wife have "positively
no plan yet." The inquiries regarding
Siberia were made during a visit to
the Soviet embassy here.

"Will you return home on a steam-
er?" he was asked.

"Not unless it is necessary," Col.
Lindbergh replied.

The flight to China seemed assured
after a visit this morning to the
Chinese legation, where envoys prom-
ised a hearty welcome from one
Chinese people. The aviator still was
undecided as to a visit to Manila,
which was being urged by U. S. Am-
bassador W. Cameron Forbes.

INDIAN KILLED AS HE "BUMMED" RIDE

POLK COUNTY CORONER DE-
CLIDES ON DEATH OF ARCHIE
CLOUD AT CROOKSTON

Crookston, Minn., Aug. 29.—(U.P.)—
Dr. H. E. Nelson, Polk county coroner,
today said Archie Cloud, Chippewa In-
dian whose body was found along the
Great Northern railroad tracks, un-
doubtedly had been killed when he was
thrown from a train while "bumming"
a ride.

The body was found yesterday by a
section crew in charge of Andrew
Nelson three miles north of Beltrami
and 15 miles south of Crookston.

The coroner said the lad may have
been thrown from the Winnipeg Flyer.
A diary on Cloud said he had been
out of funds on a recent trip to Fargo
and Grand Forks looking for work.

He had been a student at Tomah, Wis.,
at the Indian school and had failed
to obtain permission to enter the
school at Wahpeton. An auto was sent
here to take the body back to Cass
Lake.

OKLAHOMA CO. MAY BUY RUSSIAN GASOLINE

SOOT IN CHIMNEY HOLDS SMOULDERING FIRE FOUR MONTHS

Red Wing, Minn., Aug. 29.—(U.P.)—
Carpenters working on the Mc-
Collow residence today noticed
smoke coming out of the chimney.
They knew no one had been liv-
ing in the house since a fire four
months ago. The workers investi-
gated and found soot in the chim-
ney had been burning all the time
since the fire.

MRS. ESTHER ROGERS, DIVORCED WIFE OF OIL MAN, KILLS SELF

28-YEAR-OLD MATRON SUCCUMBS
TO BULLET WOUND THROUGH
THE HEAD

OKLAHOMA TELLS POLICE SHE
THREATENED TO KILL HER-
SELF 3 WEEKS AGO

Oklahoma City, Aug. 29.—(U.P.)—Mrs.
Esther Rogers, 29, the divorced wife
of W. G. Rogers, millionaire oil man,
was found shot through the head in
the bedroom of her home today.

She died shortly afterward at St.
Anthony hospital without making a
statement.

Rogers, who arrived at the hospital
three minutes after her death, told
Detective Phil Isenhour his wife had
tried to drink chloroform yesterday
and that he had jerked the bottle from
her hand. The detective also said
Rogers told him Mrs. Rogers had a
pistol today. Failing to persuade her
to put it down, he decided to go to
his office.

Rogers also told police, they said,
that his wife threatened to kill herself
when he went on a business trip to
Texas three weeks ago.

Lottie Hart, negro maid, told officers
she found Mrs. Rogers lying across a
bed dressed in a nightgown, a bullet
through her head, a pistol on her
chest.

The maid said she had prepared
breakfast for Rogers and he had left
home about 10 minutes before Mrs.
Rogers was found.

"I was in the backyard and heard
the telephone ringing," the maid said.
"I waited, thinking Mrs. Rogers would
answer it. It kept ringing and I an-
swered. A woman's voice asked for
'Esther,' she said."

"I went into Mrs. Rogers' bedroom
and found her lying across the bed.
Her hand was on a pistol," the maid
told police.

The maid screamed and ran to the
telephone, broke the connection and
called police.

St. Paul Auto Fatalities for the Year Number 40

St. Paul, Minn., Aug. 29.—(U.P.)—
Death of Bernie Kamalman, 13,
brought St. Paul's automobile fatali-
ties to 40 this year. Kamalman was
struck while riding a bicycle Tues-
day.

COMPANY IS FACING ACUTE CRUDE SHORTAGE

OKLAHOMA AND TEXAS MILI-
TARY SHUTDOWN AFFECT
MARKET SITUATION

"CRUDE OIL IS NOT WORTH \$1 AT
ENID," SAYS H. H.
CHAMPLIN

Enid, Okla., Aug. 29.—(U.P.)—H. H.
Champlin, president of the Champlin
Refining Company, said today his
company was preparing to buy Rus-
sian gasoline to fill orders.

"The company is confronted with an
acute crude shortage because of the
Oklahoma and Texas military shut-
down," Champlin said. "We are nego-
tiating for purchase of Russian gaso-
line so that we may fill our customers'
orders."

He said the Russian oil would be
delivered at Houston.

"Crude isn't worth \$1 here," he said.
"There's too much oil and no matter
what military orders you have, the
situation won't be helped much," he
said.

THREATEN PROBE OF GASOLINE PRICES IN OKLAHOMA

Oklahoma City, Aug. 29.—(U.P.)—
Chairman Paul Walker of the Okla-
homa corporation commission threat-
ened an investigation of gasoline
prices today.

"Recent gasoline price advances are
not justified by the present low crude
oil prices," Walker said. "Believing
that perhaps the increases are accen-
tuated by monopolistic interests, I am
contemplating an inquiry into the mo-
tives of the companies posting the in-
creases."

Wiley Post Plans a Solo Flight in Spring

Los Angeles, Cal., Aug. 29.—(U.P.)—
Wiley Post, who flew around the world
with Harold Gatty, is planning a solo
flight next spring from Seattle to To-
kio, he said here today.

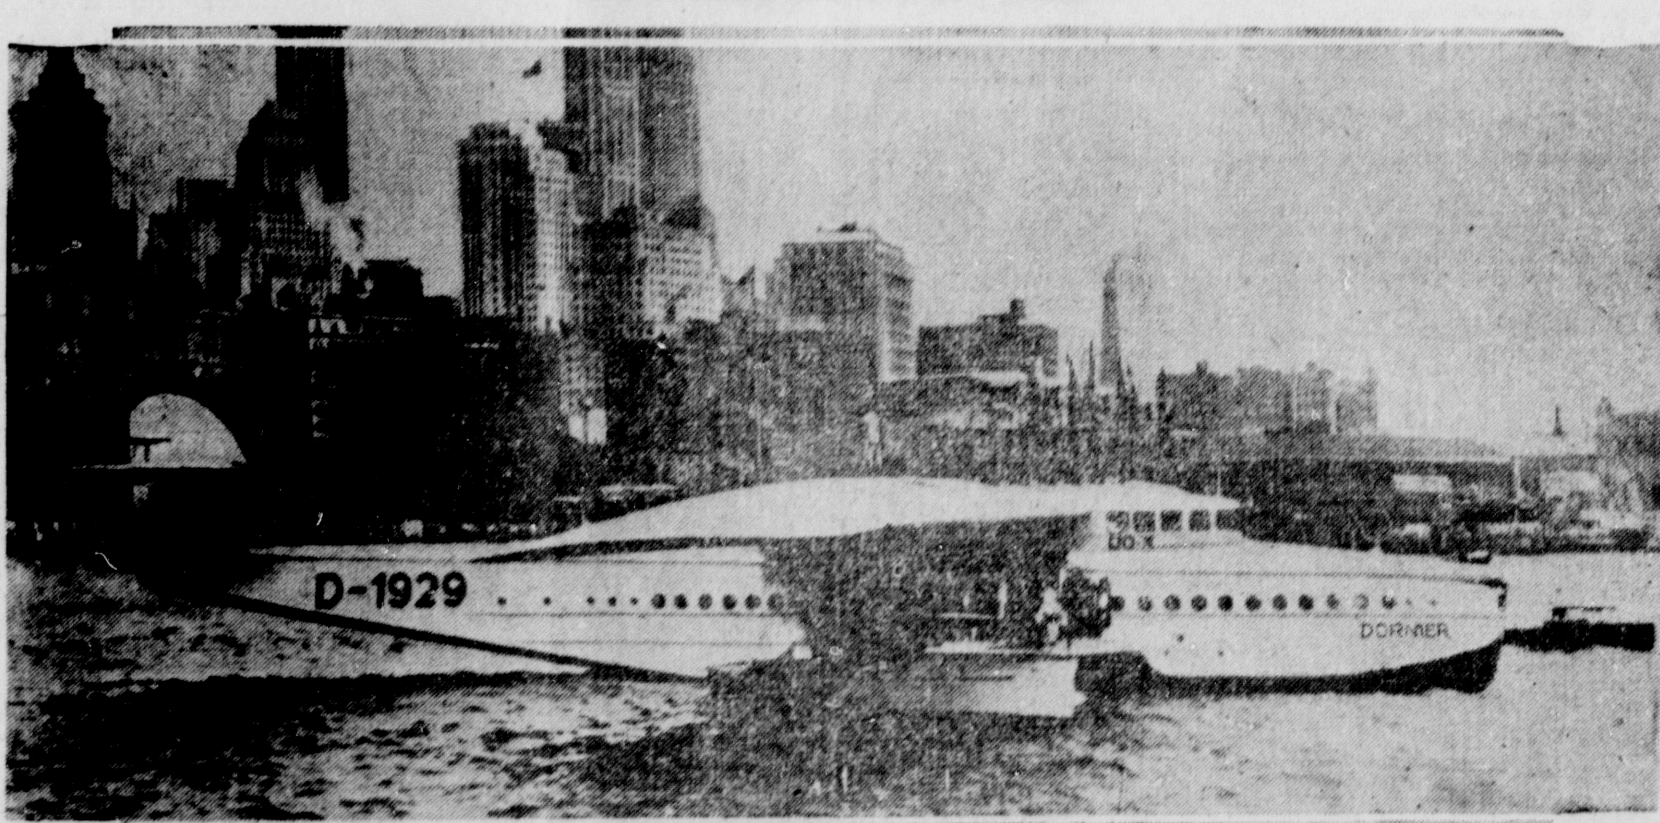

The flight, according to Post's pres-
ent plans, will be in the around the
world plane, Winnie Mae. The aviator
did not elaborate on the subject and
did not say why the plans did not
include Gatty as navigator.

SINCLAIR CRITICIZED BY GOV. MURRAY

Oklahoma City, Aug. 29.—(U.P.)—
Harry F. Sinclair, head of the Sinclair
oil companies, was blamed today by
Gov. William H. Murray for delay of
oil companies in meeting his demand
for \$1 oil.

"The people should know that Sin-
clair is the real fly in the ointment,
both in Texas and Oklahoma," the
governor declared in a statement on
the oil situation.

DO-X ARRIVES IN NEW YORK

The DO-X photographed a few minutes after it landed in the New York harbor shortly after noon Thursday. The giant flying boat brought her fifty odd tons down into the water with hardly a splash and marked the ending of a ten months' cruise, which started in Switzerland and carried the boat to four continents.

PROCEDURE SIMPLE AS IT IS STARTLING, UNIQUE IN ANNALS

FARMERS ASK FARM BOARD TO
SELL THEM 250,000,000 BUSHELS
OF WHEAT

THEY ORIGINALLY SOLD IT TO
GOVERNMENT AT "PEGGED"
PRICES THAT DIDN'T STAY

Portland, Ore., Aug. 29.—(U.P.)—In-
land Empire wheat growers today de-
manded that the federal farm board
permit them to make a profit while
taking a holiday from farming.

Their plan, to buy back their own
grain, seemed as simple as it was
startling and unique.

The farmers asked the board to sell
them 250,000,000 bushels of the wheat
they raised and sold to the government
at "pegged" prices that wouldn't stay
pegged. They asked to buy the grain
at the same credit terms on which
wheat was tentatively offered Ger-
many and China. The sale, they said,
need not interfere with other deals
abroad.

Then, having secured the vast
amount of grain at present prices—
less than the cost of production—they
would simply allow their thousands of
acres of Idaho, Oregon and Wash-
ington wheat land to lie idle next year,
materially reducing the 1932 supply. In
the fall, they could sell their farm
board wheat as their 1932 crop, pay
the farm board and pocket the profit
expected from reducing the present
surplus.

Senator Frederick Steiwer, republic-
an, Ore., and Congressman John W.
Summers, republican, Washington, to-
day told the United Press the plan
had considerable merit. Senator Chas.
McNary, republican, Oregon, father of
the bill that created the now-unpopu-
lar farm board, believed a large sale
to China was advisable.

"It will remove the surplus from the
market and reduce production in
1932," he said.

Senator McNary was reluctant to
express an opinion of the plan with-
out giving it further study.

"There are thousands of legal and
technical questions to be worked out
to put such a plan into operation," he
declared. "It is unique and has cer-
tain merits but I cannot now venture
an opinion on its practicability."

"I am especially in favor of selling
surplus wheat abroad without quib-
bling over terms. The surfeit market
now at what keeps the farmers
from getting a fair price for their
product. A sale on liberal terms, es-
pecially to China, would prove to the
advantage of both American farmers
and the Chinese."

Representative Summers, who will
himself take a "vacation" from 1,000
acres of wheat land if the plan is
adopted, was enthusiastic over it.

"It has my approval to meet the
present situation. It does not inter-
fere with any other plan that may be
adopted later."

"It would definitely lift 250,000,000
bushels of wheat now controlled by
the farm board off the market for one
year or more," he declared.

Cavey M. Rader, of Walla Walla, is
author of the plan.

Rader, an important wheat grower,
saw his grain selling at less than it
cost to harvest and ship to seaboard,
despite all efforts of the farm board
to bolster the price.

What was at first a vagrant idea
grew into a plan that this week se-
cured the enthusiastic endorsement of
the vast wheat prairie.

At a mass meeting, hundreds of
growers from three states appointed
a committee to negotiate with the
farm board.

The committeemen, Representative
Summers, Charles Baker and Cavey M.
Rader of Walla Walla; W. S. Fergu-
son of Athena, Ore.; and L. L. Rod-
gers of Pendleton, Ore., said that the
farm board was giving their proposal
serious study.

Minneapolis, Minn., Aug. 29.—North-
west farm leaders today were gener-
ally skeptical of the plan to be pre-
sented by wheat growers of the far
northwest to the federal farm board
whereby 250,000,000 bushels of the
board's present holdings would be pur-
chased by individual farmers and held
until next year instead of planting
new crops.

The plan was proposed Thursday at
a meeting of several members of con-
gress held at Walla Walla, Wash., and
those present declared their inten-
tions of carrying the proposal to the
farm board.

The board, under the plan, would
finance the purchase of the grain by
individual farmers under the terms
granted Germany and China.

Dan Wallace, editor of "The
Farmer," St. Paul, said that the plan
might have some merit, but that it
would have to be thoroughly threshed
out before it could be acted upon defi-
nitely.

E. C. Hillweg, of the Minneapolis
Chamber of Commerce, declared that
the plan has some dangers because it
would be impossible to predict how
individual producers would react to
the suggestion.

"The plan means that the producers
would sacrifice their rights to grow
any crops which they might wish to

TEN RULES TO GIVE YOUR EYES BEAUTY

Specialists Offer Suggestions for Their Care.

Beauty specialists have worked out a series of ten rules for the care of the eyes. They are guaranteed to keep any woman's eyes beautiful and lovely. As summarized by Hazel Rawson Cades of the Woman's Home Companion, they are:

First of all, keep your eyes wide open. Big eyes are young and hard to resist.

A good massage movement to keep eyes from dwindling and receding is upward with the flats of the hands over the eyes and eyebrows and forehead.

Wink—this is your eyes' best exercise.

Squint lines obviously come from squinting.

Do not avoid eyeglasses if you want to avoid crow's-feet, red veins, blood-shot eyes and dark circles.

Try not to expose your eyes to bright lights, wind and dust, poor light or intensive reading.

Bathe your eyes daily with eye lotion and eye cup or dropper.

Rest your eyes by changing focus or closing them briefly.

Lie down and use cold compresses on the eyes when they are inflamed or overworked.

Increase the apparent size of your eyes by discreet use of shadow on upper lid.

Jackets to the Front

Jacket importance increases with the approach of fall. The one shown is a short coat of blue, white and yellow plaid to accompany a navy twill skirt and white blouse.

MacDonald Asked to Resign Membership in Labor Party

London, Aug. 29.—(U.P.)—Premier J. Ramsay MacDonald was asked to resign his membership in the labor party today.

The labor party executive committee in the Seaham division at Durham, Mac Donald's constituency, adopted a resolution asking the premier to resign from the party.

MacDonald wrote his constituency: "I profoundly regret what has happened. If I can only serve you all in the long run I should cheerfully accept any sacrifice in doing it. It is the war over again."

The premier apparently was referring to the break in the labor party during the world war, which he opposed.

The resolution was interpreted also as a demand that MacDonald resign his seat in the house of commons. It was anticipated that the premier, however, would delay action until the new national government was ended.

OMITTING 'NO' MAKES CHANGE IN TENOR OF GERMAN CABLE

Berlin, Aug. 29.—(U.P.)—Owing to the omission of the word "no" in transmission of the cable dispatch, Chancellor Heinrich Brüning earlier this week was quoted in an interview as saying Germany expected action at Washington on reparations before congress convenes in December.

Brüning actually said that Germany "expected no decisive developments before congress convenes in Washington in December."

He said that the "future of reparations depends on the United States."

TEN RULES TO GIVE YOUR EYES BEAUTY

Specialists Offer Suggestions for Their Care.

Beauty specialists have worked out a series of ten rules for the care of the eyes. They are guaranteed to keep any woman's eyes beautiful and lovely. As summarized by Hazel Rawson Cades of the Woman's Home Companion, they are:

First of all, keep your eyes wide open. Big eyes are young and hard to resist.

A good massage movement to keep eyes from dwindling and receding is upward with the flats of the hands over the eyes and eyebrows and forehead.

Wink—this is your eyes' best exercise.

Squint lines obviously come from squinting.

Do not avoid eyeglasses if you want to avoid crow's-feet, red veins, blood-shot eyes and dark circles.

Try not to expose your eyes to bright lights, wind and dust, poor light or intensive reading.

Bathe your eyes daily with eye lotion and eye cup or dropper.

Rest your eyes by changing focus or closing them briefly.

Lie down and use cold compresses on the eyes when they are inflamed or overworked.

Increase the apparent size of your eyes by discreet use of shadow on upper lid.

Jackets to the Front

Jacket importance increases with the approach of fall. The one shown is a short coat of blue, white and yellow plaid to accompany a navy twill skirt and white blouse.

If your child seems backward at school his eyesight may be at fault. Bring him in for an examination to determine if he needs glasses. His whole future may depend on it.

\$51,000,000 BRIDE

Mr. and Mrs. Whipple Van Ness Jones in their honeymoon suite in Chicago after choosing an elopement and justice of the peace instead of a church wedding, with orchids and soft music. They explained that they slipped away from their parents' summer homes at Oconomowoc, Wis., to Waukegan, Ill., where they were married. Mrs. Jones was Miss Mary Sue McCullough of St. Louis, heiress to the \$51,000,000 fortune of the late John I. Beggs, utilities magnate. Mr. Jones, a 21-year-old Harvard student, is the son of Mr. and Mrs. Frank W. Jones of Milwaukee. Blessings of their parents followed them.

OWEN LAVENDY LEADS FLIERS IN AIR DERBY TODAY

Terre Haute, Ind., Aug. 29.—(UP)—Owen Lavendy, Los Angeles took off from Dresser field at 2 p. m. today to lead the fliers in the Santa Monica-Cleveland air derby to Dayton, Ohio. He was followed at one minute intervals by the other entrants.

Mrs. Phoebe Omlie, Memphis, Tenn., was leading in points in the women's division, and W. E. Musgrave, San Francisco, was leading the men fliers.

Mrs. Gladys O'Donnell damaged the right wing of her plane when she struck a flood light in landing here at the end of the morning flight from East St. Louis. Repairs were made and she continued the flight this afternoon.

3 MINERS KILLED AT CHESWICK, PA.

Pittsburgh, Aug. 29.—(UP)—Three miners were killed today when the roof caved in at the Barking mine of the Hillman Coal and Coke Co., Cheswick, Pa., near here.

The men were: Joseph Shearer, 38, Barking, foreman of the crew; Jacob Lingebach, 40, Arnold and Stanley Chifcek, 40. Frantic efforts were made to save the trio who were caught as they were digging coal but all were dead by the time rescuers had removed the debris.

MacDonald Asked to

Resign Membership

in Labor Party

London, Aug. 29.—(UP)—Premier J. Ramsay MacDonald was asked to resign his membership in the labor party today.

The labor party executive committee in the Seaham division at Durham, MacDonald's constituency, adopted a resolution asking the premier to resign from the party.

MacDonald wrote his constituency: "I profoundly regret what has happened. If I can only serve you all in the long run I should cheerfully accept any sacrifice in doing it. It is the war over again."

The premier apparently was referring to the break in the labor party during the world war, which he opposed.

The resolution was interpreted also as a demand that MacDonald resign his seat in the house of commons. It was anticipated that the premier, however, would delay action until the new national government was ended.

OF GERMAN CABLE

Berlin, Aug. 29.—(UP)—Owing to the omission of the word "no" in transmission of the cabled dispatch, Chancellor Heinrich Brüning earlier this week was quoted in an interview as saying Germany expected action at Washington on reparations before congress convenes in December.

Brüning actually said that Germany "expected no decisive developments before congress convenes in Washington in December."

He said that the "future of reparations depends on the United States."

Radio Chats

by Powell Grosley, Jr.

RADIO TELEPHONY USED BY PRESIDENT HOOVER

When President Hoover wanted to know what was going on in Europe during the recent moratorium negotiations, he talked to his representatives there by radio telephony.

In brief daily conversations, our Chief Executive ironed out many problems as easily as if he had been face to face with the men with whom he was conversing.

Radio telephony between this country and Europe as an established service is even more recent than broadcasting. I can well remember but a few years ago when the possibility of such a service was looked forward to with high hopes. Those hopes have been magnificently realized.

But a very short time ago the cable was the only means of keeping in contact with the other side. What an improvement! Everyone knows how much easier it is to come to an understanding in a conversation than when one is forced to exchange written messages.

As a matter of fact, there are many living who can remember when there were even no cables available for communication with Europe. The first successful cable was laid in 1865. Its practicability was made possible only by great expenditure of money and effort.

Before 1865, it was necessary to depend upon the mail boat for transfer of messages to and from the Old Country. Imagine arranging for a moratorium, or helping to rescue Germany from a financial crisis by negotiations carried on in fortnightly letters. By the time the necessary correspondence could pass back and forth, it would be too late for the negotiations to do any good.

The first cable was a blessing, the value of which was so great that it is difficult to estimate, and the present cable system continues to be a communication medium of tremendous importance. To it, however, is now added the further probability of regular telephonic communication with Europe—as great a step forward as was the cable in comparison with the mail boat.

Who knows, perhaps the day is not far off when we shall be able not only to talk to others in foreign lands, but also to see them while carrying on our conversations. When that will come, however, is a question for mere conjecture. Let us content ourselves for the present with the blessings we already have.

Discovery of Nitrogen
Nitrogen was first recognized as a distinct substance by Daniel Rutherford of the University of Edinburgh in 1772. His demonstration consisted in showing that when a small animal breathes the air in an enclosed space for a while and the carbon dioxide produced is removed by absorption, there still remains a gas that is incapable of supporting respiration.

Noblest Mother

Selected as Cincinnati's "noblest mother," Mrs. Charles L. Ungruhe, Jr., true to her noble character, could not understand why she had been selected for the honor. Mrs. Ungruhe thinks she did only her duty in raising two families. Her mother died sixteen years ago, leaving twelve children younger than the "noblest mother." She raised all as well as her own three.

Radio Chats

by Powell Grosley, Jr.
RADIO TELEPHONY USED BY PRESIDENT HOOVER

When President Hoover wanted to know what was going on in Europe during the recent moratorium negotiations, he talked to his representatives there by radio telephone.

In brief daily conversations, our Chief Executive ironed out many problems as easily as if he had been face to face with the men with whom he was conversing.
Radio telephony between this country and Europe as an established service is even more recent than broadcasting. I can well remember but a few years ago when the possibility of such a service was looked forward to with high hopes. Those hopes have been magnificently realized.

But a very short time ago the cable was the only means of keeping in contact with the other side. What an improvement! Everyone knows how much easier it is to come to an understanding in a conversation than when one is forced to exchange written messages.

As a matter of fact, there are many living who can remember when there were even no cables available for communication with Europe. The first successful cable was laid in 1865. Its practicability was made possible only by great expenditure of money and effort.

Before 1865, it was necessary to depend upon the mail boat for transfer of messages to and from the Old Country. Imagine arranging for a moratorium, or helping to rescue Germany from a financial crisis by negotiations carried on in fortnightly letters. By the time the necessary correspondence could pass back and forth, it would be too late for the negotiations to do any good.

The first cable was a blessing, the value of which was so great that it is difficult to estimate, and the present cable system continues to be a communication medium of tremendous importance. To it, however, is now added the further probability of regular telephonic communication with Europe—as great a step forward as was the cable in comparison with the mail boat.

Who knows, perhaps the day is not far off when we shall be able not only to talk to others in foreign lands, but also to see them while carrying on our conversations. When that will come, however, is a question for mere conjecture. Let us content ourselves for the present with the blessings we already have.

Discovery of Nitrogen

Nitrogen was first recognized as a distinct substance by Daniel Rutherford of the University of Edinburgh in 1772. His demonstration consisted in showing that when a small animal breathes the air in an enclosed space for a while and the carbon dioxide produced is removed by absorption, there still remains a gas that is incapable of supporting respiration.

Stimulating Golf Play in September

SEPTEMBER and October are always two glorious months in the Brainerd Lake Region, when golf play, motoring, fishing and other outdoor sports reach a peak line for comfort and general enjoyment.

Too many people are obsessed with the idea that early September, with its opening of school, college and university terms calling young hopefuls to scholastic duties, marks the end of the tourist season in the Brainerd Lake Region. Far from such an idea, September ushers in two months more at the lakes, months resplendent with the treasures of autumn when woods are decked in their brightest colors, when lakes gain a deep blue tint, when the air grows crisp and invigorating, when the insect world has folded its wings and retired, when nights are cool and the touch of a wool blanket is relished.

A considerable number of resorts continue open for tourists and their rates are reduced for this later trade of the season. Every effort is made for the comfort and convenience of guests.

It is for mid-September that the Brainerd Chamber of Commerce has planned a golf tournament and has addressed letters inviting players of all Chambers of Commerce of nearby towns and cities including St. Paul, Minneapolis and Duluth, as well as all service clubs in the region, Elks clubs, etc.

Here is the letter sent out by President Walter P. Tyrholm of the Brainerd Chamber of Commerce:

"We ask you, will you play golf with us and on us at Pine Beach golf course or at Brainerd Country club Sunday, September 13?"

"No politics but organizing your four-some; no speeches except when enlarging on birdies; no business only get yourself plenty of strokes."

"The Brainerd Chamber of Commerce is inviting members, their wives and friends of nearby civic organizations to join us in a blind bogey tournament, time and places mentioned above. Resorts adjoining Pine Beach will be open for business so you may come on Saturday and practice up for the big event if you wish. Make up your mind now to take this time off—fill your lungs with whiffs of pine which only a September day in the Brainerd lake region can give you. You can't beat fun."

Brainerd Chamber of Commerce officials are confident their appeal will bring a large number of golfers to the Brainerd Lake Region for the play and will be the means of impressing them with the glory and beauty of September vacation days, and also lead them to visit us later in October.

An Important Phase of Manufacturing, Farming

AN important economic phase brought to the attention of manufacturers, farmers and others is the fact that there is more to manufacturing, farming, etc., than the production end. There is that most important factor to consider which is consumption of products.

Without an adequate list of customers, any industry will languish. No manufacturer and his employees may hope to flourish if their market is curtailed. No farmer can hope to better himself if his market at home and abroad is reduced to below cost of production figures.

The Russian Soviet will ultimately face the same conditions as the rest of the world. Their minds at present are centered on mass production phases. If no consuming force is built up, Russia in turn will be overwhelmed by the wave of industry it has created.

Ruling Important to School Boards

A DECISION which is of importance to school boards throughout the country was recently handed down by Judge W. A. Schultz in the Dakota County, Minnesota, District Court. Judge Schultz ruled that the directors of the school board of District No. 100, Lakeville, were legally justified in placing fire insurance on the school building with a mutual carrier.

A Lakeville citizen made application for an injunction against the school board, charging that they overstepped their legal powers when they placed insurance in such manner. His application was denied, and the court recommended that he pay the school board their legal expenses in the case.

Stop, Look and Listen

NUMEROUS accidents have occurred this summer in collisions between vehicles on the highways and vehicles entering the highways from private roads. These would not occur, says a Highway bulletin, if drivers observed the clause in the traffic act which requires every driver entering a highway from an alley or a private road to yield the right of way to vehicles on the highway.

If the view is obscured, vehicles entering a highway from an alley or private road must stop. Highway in this case means every public road or street, and not merely arterial roads posted with stop signs.

Housewife Plans Flight To Rome in Hillig Plane

Mrs. Geraldine Loffredo of Buffalo to Use Ship that Already Has Crossed Atlantic on Her Good-Will Hop to Italy

• "LIBERTY" PLANE FOR HOP TO ROME •

Housewives are usually associated with the surroundings which their titles indicate, but Mrs. Geraldine Gray Loffredo, matron of Buffalo, N. Y., likes to be different. She has been set apart from most of her sex in the modern game of aviation, at least, for her career has taken her up in the air at numerous times since 1914 when she began parachute jumping from hot air balloons. In 1917, Mrs. Loffredo made her first leap from a plane and in 1925 she was licensed as a pilot—the sixth woman flier in the country. Her next feat in the world far above the ground is a projected flight from America to Italy as a good-will gesture between the two nations. She doesn't believe a woman capable of flying the distance all alone, so a skilled Italian flier will accompany her as navigator. Her plane is the "Liberty," in which Otto Hillig, the "Flying Photographer," flew from New York to Copenhagen with Holger Hoiris.

"Thank You Boys, Call Again"

President Hoover has a "big stick" now and one wonders if he'll use it to clean up the racketeers. The President was presented with a hand carved cane by a delegation of Eagle Boy Scouts from Mississippi who called at the White House the other day.

NUMEROUS accidents have occurred this summer in collisions between vehicles on the highways and vehicles entering the highways from private roads. These would not occur, says a Highway bulletin, if drivers observed the clause in the traffic act which requires every driver entering a highway from an alley or a private road to yield the right of way to vehicles on the highway.

If the view is obscured, vehicles entering a highway from an alley or private road must stop. Highway in this case means every public road or street, and not merely arterial roads posted with stop signs.

Housewife Plans Flight To Rome in Hillig Plane

Mrs. Geraldine Loffredo of Buffalo to Use Ship that Already Has Crossed Atlantic on Her Good-Will Hop to Italy

• "LIBERTY" PLANE FOR HOP TO ROME •

Housewives are usually associated with the surroundings which their titles indicate, but Mrs. Geraldine Gray Loffredo, matron of Buffalo, N. Y., likes to be different. She has been set apart from most of her sex in the modern game of aviation, at least, for her career has taken her up in the air at numerous times since 1914 when she began parachute jumping from hot air balloons. In 1917, Mrs. Loffredo made her first leap from a plane and in 1925 she was licensed as a pilot—the sixth woman flier in the country. Her next feat in the world far above the ground is a projected flight from America to Italy as a good-will gesture between the two nations. She doesn't believe a woman capable of flying the distance all alone, so a skilled Italian flier will accompany her as navigator. Her plane is the "Liberty," in which Otto Hillig, the "Flying Photographer," flew from New York to Copenhagen with Holger Heirnis.

MINISTER WINS GRAND AMERICAN TRAPSHOOTING HANDICAP

GAINS THE MOST COVETED OF ALL HONORS IN SPORT

UNHERALDED REV. ROEBUCK, OF MCCLURE, OHIO, COMPETED IN EVENT

HAD NEVER TAKEN PART IN A REGISTERED SHOOT UNTIL TWO DAYS AGO

Vandalia, Ohio, Aug. 29.—(U.P.)—The Rev. Garrison Roebuck, a United Brethren minister from the little town of McClure, Ohio, today held the most coveted of all trap shooting honors, the Grand American Handicap championship.

The unheralded country preacher, competing in his first Grand American tournament and who had never taken part in a registered shoot until two days ago, won the title yesterday after a shoot-off with two other Ohioans—Ray F. Willbaum of Greenville and Fred Harlow of Newark.

Roebuck, Willbaum and Harlow tied for first place at the end of the regular competition with scores of 96 out of a possible 100. Roebuck shot from the 17-yard line, Willbaum from the 19 and Harlow from the 22.

Harlow, who won the Grand American in 1908, was eliminated from the shoot-off when he dropped five targets in the first event to take third place. Willbaum and Roebuck shot it out to the 75th target until the minister won, 68-65.

The championship netted Roebuck \$1,100 in cash and trophies while Willbaum received \$500 in cash and a trophy for finishing in second place.

DEMPSEY KNOCKS OUT ANOTHER MAN

PUNCHES A COUPLE OF OTHERS GROGGY IN VANCOUVER EXHIBITION

Vancouver, B. C., Aug. 29.—(U.P.)—Jack Dempsey knocked out one man and punched a couple of others groggy in less than four rounds of exhibition fighting last night before 5,000 spectators.

The former "Manassa Mauler" met Frank Sawyer, 27-pound Vancouver negro, in the first bout. Sawyer tried to slug it out and went down and out after one minute of fierce battling.

In the second bout, Tiny Lamar, 205, Vancouver, stayed a round, but took it easy and Dempsey openly "pulled" his punches. Even at that Lamar was down twice for long counts.

Del Kolf, 206, Bellingham, was the former champion's opponent in the third exhibition. He did his best to hide for three minutes behind the big 16-ounce gloves, but absorbed enough punishment to be a little wobbly at the finish. He quit standing up, however. Dempsey weighed 197 pounds.

CHARLES OTIS WINS MINNESOTA SINGLES TENNIS CHAMPIONSHIP

St. Paul, Aug. 29.—(U.P.)—Charles Otis, Pasadena, Calif., captain of the Stanford university freshman net team, today held the Minnesota singles tennis championship.

He defeated Stewart Cornell, Minneapolis, 6-0, 6-3, 6-3, in the final round of singles competition yesterday. Paired with his teammate, Dan Ellis, San Diego, Calif., the pair will play today for the doubles title against Wells Farnham and Frank Albright, both of St. Paul.

Feather-Weight Metal

A wonderful new metal of English origin is a secret alloy of aluminum, considerably lighter than pure aluminum, yet nearly as strong as steel. It does not suffer to anything like the same extent as other impurities from the effects of fatigue. Manufacturers are able to use it for parts that had previously to be made of nothing but steel, and its smaller weight reduces wear.

GOLFING SAWYERS AGAIN HOLD FATHER AND SON GOLF TITLE

St. Paul, Aug. 29.—(U.P.)—The golfing Sawyers again hold the father and son golf title of the state. Paired with his son, Pat, former state amateur titleholder, C. W. Sawyer won the championship yesterday over the Town and Country club course with an aggregate score of 315 for the 36 holes. Last year Dick Sawyer and his father won the tournament. G. K. and Allen Labatt, Minneapolis, were second with 335.

SIMMONS, TERRY ARE STRIVING FOR BATTING HONORS

WON DISTINCTION LAST YEAR FOR HEAVY CLOUTING IN RESPECTIVE LEAGUES

SIMMONS HAS AVERAGE OF .385, TERRY IS SECOND IN NATIONAL WITH .350

New York, Aug. 29.—(U.P.)—Al Simmons, Philadelphia Athletics outfielder, and Bill Terry, New York Giants first baseman, are aiming for a goal which no other major league player has been able to accomplish in recent years.

Simmons and Terry who won honors last season as respective batting champions of the American and National leagues, are making strong bids for the 1932 batting laurels.

If Simmons retains his honors he will be the first player to win two successive batting championships in the junior circuit since Ty Cobb last led the league in 1919. Terry, if successful this season, will be the first two-time champion in the National League since Rogers Hornsby's string of six consecutive championships was broken in 1926.

Major league averages released today and including games of Thursday August 27, show Simmons topping his league with an average of .385, while Terry is second in the National standings, trailing the 350 average established by Virgil Davis of the Phillies, by six points.

Babe Ruth continues in the role of American League runner-up with .381, while the third place hitter, Morgan of Cleveland, is twenty-three points in the ruck.

JACK KEARNS IN DENIAL HE WED BROADWAY DANCER

LATTER HAD BEEN KNOWN AS MRS. KEARNS SINCE 1921

STATEMENT ON RECORD IN THE WIFE'S SUIT FOR TEMPORARY ALIMONY

Chicago, Aug. 29.—(U.P.)—A denial by Jack Kearns that he ever was married to the Broadway dancer who has been known as Mrs. Kearns since 1921 was on record today in the wife's suit for \$500 a month temporary alimony.

Dressed in the golfing togs which he wore when he hurried from a New York links in answer to a summons by his attorneys, the former manager of Jack Dempsey and present manager of Mickey Walker raced last night into Judge Daniel P. Trude's court just in time to testify.

He denied flatly Mrs. Kearns' statements that he was worth more than \$1,000,000, and added a denial that they ever were married. He said he merely made an agreement with her in 1921 to pay her \$500 a month until she remarried. She charged he had failed to pay since 1929.

"I met Jack Kearns right here in Chicago, when I was an innocent girl of 17, and two years later, in 1921, he took me to a court house in Atlantic City and there was a ceremony," declared Mrs. Kearns.

"He put this ring on my finger," she said, displaying an expensive wedding band. Kearns later testified she never wore such a ring at any time before their separation.

Mrs. Kearns told of parties which she attended in New York and of Kearns introducing her to Mayor Walker, Tex Rickard, Damon Runyan, and others, as his wife. She offered as evidence a telegram sent to her at Hamilton, Ont., in which an anniversary was mentioned and she was called "dear little girl." Kearns said "maybe my secretary sent it."

Judge Trude took the petition under advisement, promising an opinion Sept. 22. Kearns was released on his own \$5,000 bond, but was warned by Trude that if he did not appear in court within 36 hours after being summoned at any time he would be held in contempt.

"Jack's the only man I ever loved," declared Mrs. Kearns after the hearing, "and I wasn't no little bux when I met him either."

SCORE 82 IN 10,000 LAKES GOLF TOURNEY

MRS. A. W. CLAPP, ST. PAUL, OUT-CLASSES WOMEN'S FIELD WITH 86

PLAYING CONDITIONS OPENING DAY YESTERDAY SEVERE, WIND AND RAIN

Two veterans in state golfing circles, David N. Tallman of Willmar and Chad Jewett of Bemidji, tied with an 82 as medalists in the qualifying round of the annual Ten Thousand Lakes golf tournament over the Breezy Point course.

This figure is 10 strokes over par, but the play is very good when one takes in consideration the severe weather conditions yesterday, a stiff north-west wind coupled with rain squalls.

Mrs. A. W. Clapp, women's city champion of St. Paul, easily outclassed the field in the women's meet with her score of 86, and established herself as a decided favorite to succeed Mrs. Ralph W. Little of Minneapolis, defending champion, who found the going difficult in shooting a 95.

Roscoe Fawcett, 1929 champion, trailed Tallman and Jewett with an 84, the result of two consistent rounds of 42 on each nine. Rudy Juran of Minneapolis shot 86 to lead Conway Bolstad of Minneapolis and Sid Kenyon of Owatonna, who were tied with 87.

Match play today had sixteen entered in the championship flight and eight players in each of the other flights.

ST. PAUL GALLOPS ON TO PENNANT

CELLAR-HOLDING TOLEDO TEAM TRIES IN VAIN TO STOP THE RUNAWAY

(By United Press)

St. Paul galloped on toward the American association championship with the cellar-holding Toledo team trying in vain to stop the runaway, the opening game of the series went to the Saints, 5 to 3. Johnny Prudhomme pitched his twelfth consecutive victory and Morrissey knocked out his sixteenth home run to score himself and teammate and provide the winning margin.

Kansas City, in second place, dropped a little further behind the leaders when the best it could do was divide a double header with Louisville. Bayns held the Colonels to four hits in the 2 to 0 shutout which opened yesterday's program, but Louisville came back to take the nightcap, 7 to 6.

Indianapolis, keeping in the slump which drove it out of second position lost to Milwaukee, 3 to 2.

Columbus and Minneapolis did not play because of cold weather.

SOUTH SIDE TO TRAIN FOR THE CHAMPIONSHIP WITH STAPLES HERE SUNDAY

Rained out last night, the first game of the series to decide the city baseball championship will be played on Monday evening at the municipal grounds.

Preparatory to its series with Northeast, South Side will get some valuable training Sunday afternoon when the team engages the "Staples Independents" here at 2:30 o'clock.

Rich Bush will start off on the mound for South Side to warm up his arm and keep it in shape for Monday evening.

CLAIMS McLARNIN FEARS A MAN OF HIS OWN WEIGHT

Chicago, Aug. 29.—(U.P.)—Jimmy McLarnin, Vancouver, B. C., welterweight, is afraid to meet a man his own weight, Ray Alvis, manager of Welterweight Champion Jack Thompson, charged today in answering demands as to why Thompson wouldn't meet McLarnin.

"I signed two months ago for Thompson to defend his title against McLarnin for Madison Square Garden," said Alvis, "but they can't get McLarnin's signature. I'll tell you why they can't get McLarnin's signature. He wants Thompson to make 145 pounds and demands 25 per cent of the gate receipts."

"McLarnin has built his reputation on defeating lightweights and won't fight a leading welterweight contender, yet he tries to dictate terms to the champion. Thompson will fight McLarnin any place, any time but it will be at 147 pounds, and the champion getting the customary end of 37½ per cent. But the match will never be made because McLarnin is afraid to get into the ring with a man his own size. He always has to have a pull in the weights."

GROVE TO GO AFTER HIS 26TH VICTORY OF YEAR

ATHLETICS TRIM YANKEES 5-4 YESTERDAY, EXTEND LEADERSHIP TO 15 GAMES

ST. LOUIS, IN NATIONAL LEAGUE, INCREASES ITS LEAD TO 10½ GAMES

(By L. S. CAMERON)

New York, Aug. 29.—Lefty Grove, mighty southpaw of the Philadelphia Athletics, was expected to go after his 26th victory of the season today in the second and final game of the series with the New York Yankees.

Lefty, however, is likely to find No. 26 pretty tough to obtain, for he no doubt will be opposed by Vernon Gomez, a slender youngster with plenty of stuff. What is more, Gomez, if past performances mean anything, likes to work against the world champions. It was Gomez who put a stop to the Athletics' winning streak earlier in the season.

The Athletics trimmed the Yankees 5 to 4 yesterday, thereby extending their American League leadership to 15 full games. Mahaffey pitched for the A's and although removed in favor of a pinch hitter in the seventh inning, received credit for his 15th win of the season. Lou Gehrig hit his 35th home run.

St. Louis, National League pace-setter, increased its lead to 10½ games by coming from behind to defeat the Pittsburgh Pirates, 6 to 4. Larry French held the Cards scoreless for six innings only to blow up in the seventh and eighth. The Cards scored two runs in the seventh and added four runs in the eighth.

Cleveland's Indians strengthened their hold on fourth place in the American League by trouncing the St. Louis Browns, 13 to 1. Mel Harder held the Browns to four hits while his mates blasted Gray and Kimsey for an even sixteen.

The only other game scheduled, an American League affair between Boston and Washington, was halted by rain after but three innings of play and will be played as part of a double-header today.

Yesterday's hero—Mickey Cochrane, whose third hit of the day drove in Bishop with the run that gave the Philadelphia Athletics a 5 to 4 victory over the New York Yankees.

DAVE MAIER HAS WINNING STREAK

SCORES 5-ROUND KNOCKOUT OVER BUCK EVERETT, AT GARY, IND.

Chicago, Aug. 29.—(U.P.)—Dave Maier, 173½, Milwaukee, continued his winning streak by scoring a five-round knockout over Buck Everett, 179, Gary, Ind., here last night.

Young Stuhley, 148, Kewanee, Ill.,

knocked out Augie Zabish, 142, Pittsburgh, in the first round. Freddie Tompkins, 135, Milwaukee, won a 6-round decision from Bobby Stewart, 131, Chicago.

Sammy Goldman, 115 1-4, Grand Rapids, Mich., and Midge Liuzza, 115 3-4, New Orleans, fought a 4-round draw.

San Francisco, Aug. 29.—Harry Smith, 165, New York negro, was awarded a decision over Jimmy Hannah, 171, Pocatello, Idaho, in the 10-round main event last night. Spectators disappointed.

Other results: Louis O'Neill knocked out Billy West (2); Paul Amoras knocked out Jackie Cortes (1).

"Fore!" At Beverly

By HARDIN BURNLEY

© 1931, King Features Syndicate, Inc., Great Britain rights reserved.

DESPITE the absence of Bobby Jones, retired, and George Von Elm, now a "business man golfer," the annual National Amateur Championship, which starts next Monday at the Beverly Country Club near Chicago, will be the big sports feature of that week.

Qualifying rounds will be played the first two days. These will reduce the field to thirty-two for the usual 18-hole match play that will begin Wednesday. Those "18-holers" are responsible for many startling upsets. Some great shotmakers just warm up over that distance.

The most memorable of those 18-hole match "tragedies" occurred when Johnny Goodman, then an unknown youngster, eliminated the great

Jones in the very first round of the National Amateur at Pebble Beach two years ago. Ordinarily—and in 36 holes—Bobby—blinded—might have beaten Goodman, but in 18—blooie!

Because of those short matches, it is difficult to predict the winner of an Amateur championship. Surely Beverly's fairways, not to ponder on its traps now, will welcome a splendid array of topnotch talent.

On record and form, George Voigt looms as the likely winner provided too much bad luck does not afflict him. For several seasons, he has been rated next to Jones and Von Elm as the ablest amateur golfer. Now that the "Emperor" has abdicated and the "Blond Tiger" (in a business suit) is stalking the pros, Voigt is a

standout on paper at least. But that assures no spread-eagle for the Long Island linksman what with Phil Perkins, Harrison Johnston, Maurice McCarthy, Gene Homans, Roland Mackenzie, Charley Seaver, Johnny Goodman, "Doc" Willing and other such stars heading for Chicago and that Beverly classic.

Perkins especially is reported to be at top form right now. Recently winner of the New York State Amateur title, the former British champion is linked with Voigt by those who make book on such events. He led the amateurs in the National Open at Toledo. He, Voigt, McCarthy and Homans loom as the East's "Big Four" in the coming play at Beverly.

Air Speedsters Primed for California-Cleveland Race

Here are five of Uncle Sam's air aces who will compete in the free-for-all derby from Santa Monica, Calif., to Cleveland during the national air races in the Ohio city. All will fly high-speed ships and it is predicted that, with a good break in weather, new distance records are sure to be made. In event of exceptional time being recorded

in the flight from the Pacific Coast to Cleveland it is probable that the leading racer will continue on to New York in an effort to lower Frank Hawks' coast-to-coast record of 12 hours and 25 minutes. The flight can be either with or without stops, elapsed time being figured.

POWERS OFFERS TO CONFESS SLAYING OF WIDOW, 3 CHILDREN

THAT IS "IF MY LAWYER TELLS
ME TO," SAYS CLARKS-
BURG MAN

POLICE ANNOUNCEMENT COMES
AFTER 12 HOURS OF SE-
VERE GRILLING

Clarksburg, W. Va., Aug. 29.—(U.P.)—Harry F. Powers offered today to confess he murdered a rich widow he wooed by mail and her three children, "if my lawyer tells me to," police announced.

The police announcement came after 12 hours of severe examination which followed discovery in shallow graves near a garage on Powers' property of the bodies of the victims. They had reported soon after the offer that Powers had "confessed."

As police awaited the promised confession, discovery of bones in the ruins of a burned cottage near the spot where the bodies were burned, was announced.

The bones were found in a chimney of the ruined cottage which was burned just a few days before Powers built the garage in which police believe Mrs. Aste Buick Eicher and her three children were starved, garroted and beaten to death.

Police said the bones were believed those of "D. L. Lowther," a woman whose effects were said to have been found in a second garage rented by Powers.

There were several bones, one of which might be a portion of a human hand, police said.

"Will your confession implicate your wife and her sister?" police said they asked the 45-year-old matrimonial agent whose love letters to a score of women led to discovery of the missing widow's body.

"No," was the reported reply. Both Mrs. Powers and her sister are under arrest in connection with the case.

"I will make a complete statement today," police said Powers promised. "But," he said, "my lawyer will have to advise me first."

The middle-aged Romeo's confession came about 5 A. M. as authorities were investigating the possibility of a wholesale murder plot in which enamored women all wooed by mail were the victims.

It followed a night-long vigil in the county jail here where Powers had been hustled hurriedly after a mob formed and threatened to lynch him.

The mob formed after discovery of bodies of the victims, Mrs. Aste Buick Eicher, and her children, Greta, 14; Harry, 12, and Annabel, 9, near the garage on the Powers property.

Powers' admission was secured after questioning by Detective Housely, of Chicago, who arrived in Clarksburg early today, and Chief of Police Clarence A. Duckworth, Clarksburg.

Mrs. Eicher was killed first, according to preliminary investigation, Sergeant L. M. Bird said. She and two of the children were hanged along the wall in the sub-basement of the unused garage, while the third child, Harry, was hit on the head with a weapon of the nature of a hammer, Bird said.

Condition of the bodies revealed that all had suffered from lack of nourishment, police said. How long they were in the garage before they were killed has not been determined.

The four were taken to the garage from Fairmont, W. Va., police have determined.

Coroner L. C. Goff, who viewed the bodies in the Rome funeral parlor, said he believed they had been dead for about two weeks.

A crowd estimated to number 2,000 which gathered about the jail last night had dispersed today without a demonstration. Police said the crowd was actuated more by curiosity than by anger.

Police said District Attorney Will E. Morris would file murder charges against Powers who was expected to sign a formal confession today.

Police found the bones after discovering the effects of many other women in a second garage said to have been rented by Powers.

"A few hours previously Powers said 'I'm guilty,' in connection with the disappearance of the Illinois woman and her children, police said.

Powers promised a signed confession, and declined to discuss the killings further. "Yes—I did it," police quoted him as saying. "I will not say more now. Later today after I have seen my attorney, I will tell you the whole story. I am ready to talk."

The handsome, heavy set operator of a "one-man" matrimonial bureau was placed in solitary confinement.

While police made tests to determine whether the bones were parts of a human skeleton, additional letters were found, indicating that Powers, known as Cornelius Orvin Pierson, planned to visit two more of the women with whom he corresponded last Saturday and Sunday.

An unmailed letter in his pocket showed that even while police were searching for him, Powers intended to visit Miss Virginia D. Bell, of Hagerstown, Md., and Mrs. Bessie G. Storrs, of Olean, N. Y.

BOILED DOWN

AUTUMN HATS WORN HIGH ON THE HEAD

You will find that the new autumn hats are not easy to wear and that the hair must be beautifully done, as much of the head is exposed at one side. Tiny tilted brims, very shallow crowns, the hats worn high on the head, that is the style message of the very best milliners. And managers and buyers for the hat departments in the very smartest of specialty shops assure us that these hats will be the thing next autumn and that real millinery is back with us again. And that is something for which the really well-dressed woman will be profoundly grateful.

All too long we have been content with just a covering for our heads, and the covering was not too good-looking either. Nor were the tight little caps at all healthy for the scalp, as you have no doubt learned from your favorite hairdresser.

Little Things of Dress

Which Count for Chic

Your new wide, soft-and-crushable patent leather belt, how are you wearing it? Not with the buckle at the front if you are fashionable, but fastened at the back—tres chic!

In selecting hosiery for midseason wear keep in mind that stockings of lace open mesh is latest fashion decree.

Give distinction to your white sports frock or jacket suit by wearing belt and scarf in vivid tri-colors. Red, white and blue or green, orange and red or "say it" in pastel such as pale pink and light blue.

As to waistlines—"going up" is the message. It seems that the new French millinery is inspiring decided changes in costume trends, as, for instance, the now-so-modish Empress Eugenie hats are influencing the raising of the waistline in empire fashion.

Advance afternoon and evening dresses in early Paris displays reflect the styles of the 1830s to 1850s. Which is to say that the world of fashion is about to witness a revival of whims and follies of the old-fashioned sort such as ruchings, frills, longer skirts, peplums, little capes and tiny fur scarfs (maybe we will be using that quaint word "tippet" again) and ostrich boas too are in prospect, to match the trims on the new hats.

Fabric Hats

Be sure to include several of the new knockabout hats in the summer wardrobe—one version is the flannel hat of the vagabond type with a soft crown and stitched brim. It comes in every color for town or country.

POWERS OFFERS TO CONFESS SLAYING OF WIDOW, 3 CHILDREN

THAT IS "IF MY LAWYER TELLS
ME TO," SAYS CLARKS-
BURG MAN

POLICE ANNOUNCEMENT COMES
AFTER 12 HOURS OF SE-
VERE GRILLING

Clarksburg, W. Va., Aug. 29.—(UP)—Harry F. Powers offered today to confess he murdered a rich widow he wooed by mail and her three children, "if my lawyer tells me to," police announced.

The police announcement came after 12 hours of severe examination which followed discovery in shallow graves near a garage on Powers' property of the bodies of the victims. They had reported soon after the offer that Powers had "confessed."

As police awaited the promised confession, discovery of bones in the ruins of a burned cottage near the spot where the bodies were burned, was announced.

The bones were found in a chimney of the ruined cottage which was burned just a few days before Powers built the garage in which police believe Mrs. Aste Buick Elcher and her three children were starved, garroted and beaten to death.

Police said the bones were believed those of "D. L. Lowther," a woman whose effects were said to have been found in a second garage rented by Powers.

There were several bones, one of which might be a portion of a human hand, police said.

"Will your confession implicate your wife and her sister?" police said they asked the 45-year-old matrimonial agent whose love letters to a score of women led to discovery of the missing widow's body.

"No," was the reported reply. Both Mrs. Powers and her sister are under arrest in connection with the case.

"I will make a complete statement today," police said Powers promised. "But," he said, "my lawyer will have to advise me first."

The middle-aged Romeo's confession came about 5 A. M. as authorities were investigating the possibility of a wholesale murder plot in which enamored women all wooed by mail were the victims.

It followed a night-long vigil in the county jail here where Powers had been hustled hurriedly after a mob formed and threatened to lynch him.

The mob formed after discovery of bodies of the victims, Mrs. Aste Buick Elcher, and her children, Greta, 14; Harry, 12, and Annabel, 9, near the garage on the Powers property.

1500 KIDDIES MAKE WHOOPEE AT PARK

Fritz Bierhaus Wins Close Decision Over Kenneth Leonard in Pie Eating Contest

COSTUMES ARE JUDGED

More Than 600 Boys and Girls Participate in Colorful Parade at Lum

Two youngsters smiled through layers of blueberries and crust this afternoon to claim awards as champion pie eaters of the Second Annual Whoopee Day at Lum Park.

The boys, their faces smeared with sugared berries from ear to ear, gulped down a pie each in record time.

The judges announced that in the close competition they gave Fritz Bierhaus, 1216 South 6th street first place and Kenneth Leonard, 205 First avenue N. E. second place.

The pie eating contest was only one of the many attractions that made the 1500 kiddies gloriously happy.

The weatherman was kind to the boys and girls and up to press time reports from the park told of great fun for everybody and everything going off lovely. Hundreds of parents were present to join in the fun.

The parade got underway at 1:15 p. m. from the pavilion. The Brainerd Municipal band in the lead played snappy march numbers and more than 600 boys and girls, many in dress costumes, joined in the parade around the park and past the judges' stand.

Genevieve Thomason and Donna Jean Olson were awarded prizes as the best dressed couple. They represented Martha and George Washington. Mary Hagberg was acclaimed as the funniest girl and Marjorie Westlund dressed as a boy to even fool the judges and win a boy's prize. Billie Bane, dressed as a hula hula girl, retailed for his sex and won a prize. Geraldine Bogastons romped off with a prize for her Spanish costume.

Goody things to eat were dished out in plenty from stands in various parts of the park.

A sports program was being held throughout the afternoon.

CHANGES IN TRUNK

HIGHWAY DETOURS

A number of changes in trunk highway detours have been made this week, according to the road report issued by the Minnesota Highway department today. Several grading and graveling jobs have been completed, but new detours have been put in effect on other routes where work is getting under way.

Gravel roads are generally good, but there are some exceptions, and motorists are warned to be on the lookout for stretches of loose gravel, fresh oil and road work of various kinds. Detailed reports follow insofar as they refer to the Brainerd Lake region:

RURAL SCHOOLS TO OPEN SEPT. 8

Small Number Will Begin Next Monday; 14 Buses to be in Use This Fall

While a few rural schools in the county will open next Monday, the majority will begin their fall semester Tuesday, Sept. 8, the day when Brainerd schools open, Harold Molstad, county superintendent of schools announced today.

The rural schools will open to practically the same number as last year, 1930.

Fourteen buses will be used by various school districts to carry the children to school. The operation costs of these buses are met by the individual school districts served.

Crippled children who cannot reach school without aid will receive from the State of Minnesota upwards to \$150 a year for transportation costs, according to a new regulation now in force.

ARMY-NAVY FOOTBALL GAME IN "ARIZONA"

All the excitement attendant on the Army-Navy football game is vividly portrayed in the new Columbia feature, "Arizona," which comes to the Palace theatre Sunday.

Cheering thousands, picturesque West Point cadets, midshipmen from Annapolis, high staff officers of the army and navy are seen breathlessly awaiting the outcome of a single man a nerve and skill. Will he kick the goal? A tense moment—the impact of a foot against inflated pigskin—then pandemonium. There are no idle moments in "Arizona."

John Wayne, in the role of Bob Denton, star fullback of the West Point team in the stirring Columbia feature, "Arizona," lives over his days as a college player. This is Wayne's first picture for Columbia. It is showing Sunday and Monday at the Palace theatre.

Former South Dakota Banking Commissioner Goes to Prison

Pierre, S. D., Aug. 29.—(UP)—Former State Banking Commissioner Fred Smith today made final preparations for spending seven years in prison after pleading guilty to maladministration of a closed bank's funds.

The former banking commissioner left for Sioux Falls, where he will serve his term.

In a surprise move late yesterday, Smith appeared before Judge James McNenny of Deadwood and pleaded guilty to the embezzlement from the closed Farmers State Bank of Platte. Smith pleaded guilty to five counts in all and was sentenced to seven years for each, the terms to run concurrently.

Attorney General M. Q. Sharpe charged that Smith had misappropriated \$1,199,241.49 from the closed bank's funds which had been deposited in the Farmers' State Bank of Platte, which was owned by relatives of Smith.

In addressing the court before he was sentenced, Smith explained that he simply had acted within the law which gave him the right to deposit in any of the state's depositories to protect property held by the bank.

The attorney general said Smith deposited the money in an attempt to prevent the bank from going insolvent.

FEDERAL FEED LOANS OF \$150,000 TOTAL ISSUED TO FARMERS

Williston, N. D., Aug. 29.—(UP)—Federal feed loans totaling more than an aggregate of \$150,000 have been issued to drought-stricken farmers of this section.

O. O. Huseby, register of deeds, and his corps of volunteer workers have executed applications and made 1,355 loans to date, it was said today. Banks in the county have co-operated with the applicants in getting the blanks for loans properly filled out and only 10 cents is charged for cashing the checks.

Under direction of the county commissioners, 500 carloads of hay have been purchased for sale at cost to the farmers. Much of it already has been delivered to the purchasers.

FARMER ELUDES VICIOUS BEAR

Mother of Cubs First Attacks Dog and Then Turns on Farmer, Chasing Him

Chased a quarter of a mile by a vicious black bear who mothered two cubs, Ray Hogue, farmer living eight and a half miles northwest of Pequot today related his exciting experience last night.

Hogue was searching the woods with his dog for cattle that had strayed from his herd. The farmer first saw the bear when it jumped from the bushes and attacked his dog. The two cubs stood nearby looking on.

As Hogue went to the rescue of his dog the bear turned on him. Hogue, unarmed, fled at top speed. After a quarter of a mile race through the woods with only 20 feet separating them, the bear stopped and retraced her steps to her cubs. The dog received several scratches.

AMERICAN BANKERS TO AID BRITAIN

ONE-YEAR CREDIT OF \$400,000,000 TO STABILIZE POUND STERLING

New York, Aug. 29.—(UP)—Private bankers in America and France have extended to the British government a one-year credit of \$400,000,000 to be used in stabilizing the value of the pound sterling in the foreign exchange markets of the world.

The American share of the credit, \$200,000,000, was negotiated through J. P. Morgan & Co., and a nation wide group of more than 100 banks. None of it will be offered to the public.

The French half, however, will consist of a \$100,000,000 banking credit and a \$100,000,000 British treasury loan, to be sold to the French public at an interest rate understood to be 4½ per cent.

It was considered significant that the recently established British government could negotiate a credit of this magnitude but a spokesman for the bankers explained their action as "enlightened selfishness."

"In a way, it was a measure to protect our own interests," he said. "Everyone knows what the effect of a German collapse would have been on American foreign investments. How much greater would a British collapse have been."

The amount finally granted was more than the maximum requested by Great Britain, it was said, as an indication of the confidence bankers feel in the present British government. The credit is expected to stabilize the pound for at least the coming year.

HOLD EIGHT CHARGED WITH CRIME SERIES

St. Paul, Aug. 29.—(UP)—Edward Essig, Jr., Paynesville, Minn., son of a former cashier of the First National Bank there, and seven other men were held today in the Ramsey county jail charged with a series of crimes in which dials were knocked off seven safes.

Essig's father now is awaiting trial on embezzlement charges.

Arthur Almstead, alias Arthur Waters, who is said to be a former Stillwater convict, admitted to Chief of Police Thomas Brown that he broke into the C. J. Swan general store at Stockholm, Wis., on Aug. 16 and taking a large quantity of merchandise.

FARMERS AIM TO BUY BACK THEIR OWN GRAIN

plant, and there is certainly speculation inherent in the proposal," he said. Gossip among grain traders, here was to the effect that farmers would laugh at the proposal. Several traders were agreed that the plan would shift the farm board's burden to the farmer, who is not responsible for the existing condition of the board.

The plan in operation would make those taking part violators of the spirit of the agricultural marketing act, which is aimed at speculation in farming, one trader said.

Kansas City, Mo., Aug. 29. — The "wheat holiday" plan recently proposed by Pacific northwest wheat growers as offering a hope of relief from existing low prices and large surpluses will strike an unresponsive chord among growers of the middle west, a United Press survey indicated today.

The plan originated near Walla Walla, Wash., proposed that the federal farm board sell 250,000,000 bushels of its wheat surplus to farmers. The farmers would consider this as their next year's crop and let their land lie fallow. The farmer then would repay his loan when the wheat was sold next year.

The Washington group sent communications to farm leaders in middle

western states, urging that they lend their support. So far as could be learned, not a single affirmative answer was returned from Kansas, Nebraska, Oklahoma or Texas.

Egging Her On

"Daughter how would you like to wash these dishes?"

"There's a lot of them, Maw."

"Yes, you may establish a record."

How Is This?

"Yes, they have separated after six weeks of married life."

"And yet their apartment was furnished with loving cups."

Roses in Great Variety

Sangerhausen, in the Hartz mountains, has a 30-acre rose garden which boasts 9,000 varieties of roses, which include practically every known kind.

One in Every Party

Jud Tunkins says one objection to every fishing party is that there is always some man in it who insists on talking about the real fishing he used to do somewhere else.

"MAKE-BELIEVE" by FAITH BALDWIN

Copyright, 1930, by Faith Baldwin Distributed by King Features Syndicate, Inc.

Travers Lorrimer, shell-shocked war veteran and son of wealthy Margaret Lorrimer, mistakes pretty Mary Lou Thurston for Delight Harford, whom he is supposed to have married in England. Mrs. Lorrimer induces Mary Lou to assume the role of Delight, of whom no trace can be found. Travers is told he must begin again with friendship. His interest in life is renewed. No mention is made of his marriage until the visit of Larry Mitchell, Mary Lou's friend. Then Travers, believing Larry is in love with Mary Lou, reminds her she is his wife. At Christmas Mary Lou, irritated by Travers' lack of holiday spirit, terms him selfish. Brought to his senses, he joins his mother and Mary Lou in delivering gifts to the needy. At the Veterans' Hospital Travers meets his old buddy, Jimmy McEwan, and plans to help him. Travers gives Mary Lou a sapphire ring and speaks of the seal ring he gave her. Mary Lou believes then that he really married Delight, using a seal ring. That night he kisses Mary Lou. Realizing she loves him and cannot go on pretending, Mary Lou plans to leave. Later she changes her mind. Mrs. Lorrimer remarks the change in Mary Lou to Dr. Mathews, who tells her he believes Mary Lou loves Travers. Mary Lou confides in Larry. Larry is in love with Jenny Wynne, a friend of the Lorrimer.

CHAPTER XXIX.

MARY LOU, dressed in knickers and with a suede leather skating jacket, looked like a delightful if very effeminate boy. She pulled off her woolen tam and shrugged herself out of the jacket, appearing in a soft brown flannel skirt and gay tie. Her lovely hair shone in the firelight and her cheeks were rosy red with the cold.

"Why is it," asked Jenny, "that, when we skate or ski, Delight always looks like something on the cover of an expensive magazine? Me, I go out, armed for battle and all that, and only succeed in getting a red nose. But Delight is red where red should be, and white—or, at most, pink—other places. Of course, she hasn't as much nose as I have. What do you think, Dr. Dan?"

"Circulation," answered that gentleman briefly.

"But," said Jenny, triumphantly, "I exercise, exercise like mad."

"In sports?" The rest of the time you eat too many sweets, smoke too many cigarettes, wear too high heels, dance too much and spend too much time in the shops."

"And Delight, I suppose," continued the unabashed Jenny, "is just a simple child of Nature?"

Curious Reaction.

Lorrimer was untying a great parcel of books which had reached Westwood House that afternoon.

She set down her cup and went over to him. Curious how she had come to hate that name; affected she thought it, idiotic, the name of a silky, silly girl in a ridiculous novel.

"I'll call you Lawrence," offered Jenny brightly.

"That sounds too—formal."

"What do you suggest?" she asked.

They were standing together by the fire. Larry dropped his voice and his cup almost followed it.

"Well," he replied, thoughtfully, "Lawrence, dear," would be nice. But "Lawrence dearest" would be nicer still. However, I think "Lawrence darling" would be almost good enough.

Jenny shook her yellow curls at him.

"Boy, you go too fast," she murmured.

Over by the big long table against the wall Lorrimer and Mary Lou were looking at the volumes in their bright jackets.

"Lots of reading matter," Lorrimer said. "We can dig ourselves in. Here are the
